

IEEE Las Vegas Tech Conference and Expo April 21, 2023

Join us in the Tech Capital of the USA. Find out the latest innovations and what happens in Las Vegas stays in Las Vegas and you will be equipped with the latest trends and innovations in Electronics, Electromagnetics, Power and Energy, Space Flight, Health Devices, BIM, management, pre-Construction techniques, Women in Engineering, microgrids, wind turbines, EV Charging stations, Cyber Security and Battery Energy Storage Systems. Don't miss out with this great line up of professional speakers and engineers.

Nationally renowned speakers:

- Pamela Hamblin, Select Power Systems, Renewable Energy Generation, Transmission & Distribution
- Dr. Youcef Abdelli, Hydrogen Fueled Airplanes CTO Chief Engineer
- Moein Borghei, High Voltage Scientist with Avalanche Energy
- Dr. Rupak Das, InstantON, Chief Technology Officer, Hydrogen Fueling Stations, InstantON
- Abir Chermiti, Business and Entrepreneurship Coach, Certified Harvard Business Strategist
- Greg S-K Ness, Solar Energy RE Executive, 'Blockchain Web3', Attorney, Utility Token Creator
- Steve Wilson, Cybercrime, Digital Investigation and Technology Consultant, ECG
- Rachel Lindbergh, Research Associate, "Science and Technology Policy Institute"
- Terence Kadlec, Forensic, Expert Witness, MC Consultants
- AJ Perkins, Instant On, CEO, Cybersecurity Microgrids
- Misty Dupre, PE, Salas O'Brien, Energy Efficiency
- Adib Nasle, Co-founder and CEO, XENDEE
- Constantine Antoniou, Global Cybersecurity Solutions and Services, Schneider Electric
- Brad Luyster, Director, Business Development Energy Storage, Vertiv
- Dr. Gokce Ozcelik, Growth and Business Intelligence Lead, Sanveo
- Daniel Lindgren, President, Xenotec/OcuScience
- Gerry Vurciaga, Grid Modernization, Cybersecurity Siemens
- Thomas Kraft, Fire Marshal, Richland Washington, Updates NFPA 13 Fire Sprinkler Code
- Christel Hunter, Vice President of Standards at Cerrowire
- Tom Poteet, Vice President, Corporate Development at Mesa Natural Gas Solutions

IEEE Las Vegas Tech Conference and Expo

April 21, 2023

- John Going, Distributed Energy Generation Remote EV
- Ruben Arredondo, Distributed Energy Resources, Virtual Power Plants, National Grid, Energy Regulator
- Sarah Aggrey Majok, CEO, Energy Industry Consultant
- Jason Wright, Director, Physical Security AI
- Srihari Yamanoor, Manufacturer Engineer Noah Medical
- Orin Laney, Atwood Research Head of Engineering
- Illia Pashkov, Metaverse Web3, Sustainability Innovations
- Randall Volberg Type Fusion Energy, Clean Fusion Energy
- Josh Robinson, Vice President of North American Business Development at IRISS
- Nate MacIntyre, Forensic, Expert Witness
- Hoot Royer, PMP, CISM, ITIL, GCIP, GCIH, Information Technology, Cyber Security, Telcom
- Bobby Soltani, 'Patents for Scientists, Engineers, and Managers'
- Greg Billington, OLY, Co-Host, VISA
- Seth Moore, Chief Operations Officer, Co-Founder & Executive Vice President at Catalyst Energy
- Robyne (Kassen) Corcoran, Designer, Energy
- Alex Thiele, From Lab to Lumber: Sustainable Applications of Computer Vision in Robotics
- Hugh J. Fuller, Principal Railway Engineer at T.Y. Lin International
- Rick Seymour, Founder XSESS Green Hydrogen
- Chad Cooper, PSP 'Physical Security Professional', Motorola Business Development Manager A&E

Panel Session – AM - Entrepreneurship

Panel Session – PM - Renewables

Lunch Session – with Olympian Greg Billington – IEEE Prize Pack Give Away

Garden Inn Breakfast Buffet – Networking Session 7 am
Happy Hour - Special Guest Salute to the Speakers 5 pm

Special Hotel Rates at:
Hilton Garden Inn South Strip
7830 S Las Vegas Boulevard Las Vegas Nevada

Thursday Lunch Buffet at the Flamingo 12 pm
Thursday Speaker Meeting at the Pyramid 7 pm
Friday Night Network Event at Caesar's Palace

Don't miss the excitement!
