

Combined Heat Power

Lunch Presentation

Friday August 21, 2020

High Noon

Seattle Washington

Join us for a presentation on the benefits of Combined Heat and Power. We will discuss:

1. Combined Heat and Power – The process – What is it? How do I acquire such a system? What are the costs and benefits?
2. Environmentally safe and good for the greenhouse gases
3. Critical power redundancy – off the grid solutions
4. What are the benefits of cogeneration? How does it work?

Our speakers today are David Muller and Phil Baldwin

Dave will be discussing the heat and power cycle. Where electricity cost increase CHP may be a viable option. He is the business development leader at Western Energy Systems. Phil will discuss measures on Total Energy Savings. He is the senior manager at N2 Integrated Energy Solutions. He specializes in distributed generation combine heat power for renewable energy projects.

The presentation will focus on the high costs of electricity and how an alternate strategy to reduce overall utility costs by taking advantage of the combined heat and power (CHP). The CHP systems offer considerable environmental benefits when compared with purchased electricity and thermal energy produced on site. By capturing and utilizing heat that would otherwise be wasted from the production of electricity, CHP systems require less fuel to produce the same amount of energy. Find out more on how you may be able use this technique to save costs and energy. Register today for our lunch presentation at <https://events.vtools.ieee.org/m/234719>

The meeting will be Live Streaming from Seattle via Microsoft Teams:

Live Stream from Seattle

Join our lunch series

Friday August 21, 2020 – Combined Heat Power Advantages when electricity rates spike CHP may help

Friday September 18, 2020 – SKM Modeling Tool to generate Short circuit, arc flash and coordination

Friday October 16, 2020 – Career Counseling. Is your career on track? What skills can I improve on to maximize my productivity and profitability

Please RSVP Mike today Five Guys – Burgers and Fries – box lunches provided – Drive thru only

Host: Mike Brisbois, 253.343.0670 mike.brisbois@salasobrien.com
