

IEEE Consultant Network Seattle

Welcome to Seattle 2022!

A word from our IEEE Chair Mike Brisbois

What a great opportunity to be a consultant in the Greater Seattle area. Networking can connect you with the right people at the right time. There is a vast amount of data out there and we want to help you turn it into useful information so you can grow your consultant business, acquire new clients, and give back to the local community. Knowing your needs and aspirations we help connect you with the right people at the right time. We do all the heavy lifting for you. As a team we are counting on you to help us connect others with opportunities. We welcome you to the IEEE Consultant Network!

Who are we?

We are the IEEE Consultant Network Seattle. We are a member of the IEEE the world's largest technical professional organization for the advancement of technology with over 420,000 members. We foster and promote the interests of our members and provide professional and technical support. Second, we maintain an online member directory. We find you jobs, careers and help for your projects. We connect you with the right people at the right time. We
