

IEEE Consultant Network Seattle

Welcome to Seattle 2022!

A word from our Chair Mike Brisbois

What a great opportunity to be a consultant in the Greater Seattle area. Networking can connect you with the right people at the right time. There is a vast amount of data out there and we want to help you turn it into useful information so you can grow your consultant business, acquire new clients, and give back to the local community. Knowing your needs and aspirations we help connect you with the right people at the right time. We do all the heavy lifting for you. As a team we are counting on you to help us connect others with opportunities. We welcome you to the IEEE CN Seattle Team!

Who are we?

We are the IEEE Consultant Network Seattle. We are a member of the IEEE the world's largest technical professional organization for the advancement of technology with over 420,000 members. We foster and promote the interests of our members and provide professional and technical support. Second, we maintain an online member directory. We find you jobs, careers and help for your projects. We connect you with the right people at the right time. We arrange and provide technical, and management

Bill Nussey CEO and Founder

talks to help you improve and excel in your consultant practice.

Join us for our IEEE Green Energy Conference when we host Bill Nussey, Founder & CEO of the Freeing Energy Project, author, and speaker. On Friday April 8, 2022, at 8 am PDT we are hosting the live stream event. Sign up today at: <https://events.vtools.ieee.org/m/296104>

Our Tech Talk this month on February 22, 2022, at 4 pm PST we will delve into the IEEE 11073 Standard for Medical Electronic devices. You don't want to miss! Sign up today. REGISTER <https://events.vtools.ieee.org/m/303870>

Upcoming Tech Talks:

February 22, 2022, PST 4 pm IEEE Tech Talk on Health Electronics IEEE Std 11073
March 22, 2022, PDT 4 pm IEEE Tech Talk on IEEE 802.11™ IEEE standards for Wi-Fi
April 26, 2022, PDT 4 pm IEEE Tech Talk

IEEE Lunch Series Power and Energy Society:

Feb 18, 2022, PST 12 pm Smart Cities Singapore
Feb 25, 2022, PST 12 pm Control Software
Mar 4, 2022, PST 12 pm Fire Protection IEEE 979
Mar 11, 2022, PST 12 pm Envista Forensics
Mar 18, 2022, PST 12 pm Smart Cities Morocco
Apr 15, 2022, PDT 12 pm Smart Cities USA

IEEE Network Night at Climate Pledge Arena Seattle Kraken vs. Boston Bruins 5 pm Thurs Feb 24, 2022 – Meet up at Buckley's in Belltown

Last month we had Curtis Ashton speak on IEEE 1562 Standard for sizing Solar Panels. He provided a great benchmark for sustainable power and resiliency for microgrids and off the grid power. His presentation is now posted on our web page at IEEE-Seattle.org/cnt

IEEE Consultant Network Seattle

Join us next month for our IEEE 1547 presentation on Grid interconnectivity. See how we are providing power back to the grid using interconnectivity devices.

Who are we? We are all inclusive and can make introductions for you and connections to build your personal and professional network.

Please take a moment to answer our survey:

1. We are looking for speakers for our up-and-coming IEEE Green Conference April 8. Can you present for 20 min with 5 min Q&A?
2. What is your job function? Can we list you in our IEEE directory? Can we get a 2-minute video clip from you on what you do?
3. Are you ready for the end of Covid? How can we help sustain your business?
4. We would love for you to connect with our network team. Either helping new consultants and giving back or getting assigned to a mentor. We want you to grow in your educational and professional life. Are you in? Can we count on you?
5. What would you like changed in 2022? More Zoom meetings, more in person gatherings and/or more industrial tours?
6. How are we doing? We need your feedback. Thanks, and welcome to 2022!

IEEE Green Energy Conference 2022

The LIVE Stream event will be on Friday April 8, 2022, PDT 8am. Join us for a discussion on topics including Energy as a Service, Wind Turbines, Photovoltaic Solar Arrays, Energy Incentives, Security Requirements, IEEE 1547 grid interconnections, Battery Energy Storage Systems, Microgrid Controllers, Moon based housing, driverless cars and AI. Stay up to date with the latest. Find out new and innovative ways you can get things done quicker, meeting
