

# IEEE Miami Tech Conference

## December 9, 2022, 8 am

### *Boca Raton Florida*

Join us this Fall for the IEEE Miami Tech Conference in beautiful Miami Florida. Find out the newest tech trends in Big Data, Space Payloads, Health, and Electronics. The new Green Energy Innovations are here to stay. Explore sustainability, resiliency, energy efficiency and advanced metering. Women Entrepreneurship and space payloads are heading the Conference. Sign up today and be part of the new and innovative Tech Wave.

#### Top Speakers from across the Nation:

- Shaun Rogers, 'Advanced Miting IoT Internet of Things', Regional Director Trynzcic
- Pamela Hamblin, 'Utility Trends in the alternative Energy Markets microgrids the new Grid', CEO NuEnergy
- Jonathan Casamayor, 'Beam Forming Microwave RF Communications,' Electrical Engineer
- Ron Tarro, 'New World Angels how to position your technologies for investors', Tech Executive, Investor, CEO
- Matthew Willis, 'Alternative Energy Sustainability, Resiliency, Efficiency Canaveral Project', Megawatt Energy
- Raimundo Rodulfo, Director of Innovation and Technology / Chief Innovation Officer at City of Coral Gables
- William Guiney, 'High Temperature Solar Thermal Collectors', Artic Solar CEO/President
- Josh Robinson, 'Improving Your Maintenance Program Through Operator-Driven Reliability', IRISS Director
- Gerry Vurciaga, Grid Modernization & Cybersecurity, Innovative Executive, Siemens
- Steve Pullins, 'Energy as a Service for On-site Energy Solutions', CTO Alphastruxure
- John Gentile, 'On Site Hydrogen Generation', Cascadia Technologies
- Jim Frazer, Smart Cities Mobility, Energy, Smart Cities & Sustainability Strategy Consultant
- James Codling, MBA PE, 'Energy Markets Trends', Jacobs
- Govind Mittel, 'Grid Edge Software Applications', CE+T Director
- Bob Frankston, 'IEEE Fellow and Distinguished Lecturer at IEEE Consumer Technology Society'
- Kevin Smith, 'Internet of Payments', Wavelink Founder
- Fabian Valle, 'MongoDB' – Solutions Architect, Falcon's Creative Group
- Chris Kaiser, 'EV Charging', Sona Energy Solutions LLC
- Michael Cogbill, 'NFPA 70 National Electric Code Changes – Digital Electricity' Principal Rev2 Consulting
- Tanveer Syed, STEM, Florida Institute of Technology Ph D
- Tom Maloney, 'Mental v. Physical Strategies', Tokyo USA Olympic medalist Coach
