IEEE Seattle Engineering Conference

September 23, 2022, 8 am

Bellevue Washington

- Pamela Hamblin, ‘Distributed Energy Resources for Utilities’, NUEnergy Solutions, CEO
- Dr. Lynne Robinson, ‘State of the Region talk’, City of Bellevue Mayor
- Syris Valentine, Motivational Speaker, Space Sustainability Technologies
- Wendi Walsh, ‘Paradox of Skepticism and Innovation’, HLC Technologies
- Shaun Rogers, Advance Metering, Regional Director Energy Industry, Trynzic
- Paul Kostek, Systems Engineer, Medical Devices Aerospace Engineering
- Kathleen Kramer, ‘Avionics Systems – Considering AI Techniques where Safety is Critical’
- Mathew Varghese, ‘Artificial Intelligence’, Tupl
- Abir Chermiti, ‘Female Entrepreneurship; Opportunities and Challenges’, Software Engineer
- Sreenivas Rangan Sukumar, Data and Artificial Intelligence Machine Learning, CTO Hewlett Packard
- Cheri Litson, ‘Risk Management for Printed Circuit Board Designs’, Inst. ECC
- John Gentile, ‘Hydrogen Fuel on site’, Cascadia Technologies
- Allen Huang, ‘Fast Charging EV’, Lead EV Charging Engineer, Nidec Industrial Solutions
- Richard Platt, ‘Robotics’, Senior Managing Partner & Chief Engineer for the Strategy + Innovation Group
- Travis Moore, ‘Space Electronics’, JEMCO
- Camila Simons, ‘Wind Turbines’, Wind Turbine Engineer, DNV
- Tanuj Khandelwal, ‘Power Systems Microgrids’, eTap CEO
- Sanjay Samuel, ‘Hydrogen Fueled Locomotive’, Sound Transit
