

Wow! Come meet the inventor of the first Hydrogen Fueled Plane

IEEE Las Vegas Tech Conference and Expo
April 21, 2023, 8 am
Las Vegas Nevada

Dr. Youcef Abdelli, CTO Propulsion - Chief Engineer

January 19th 2023 will go in the history - the day when ZeroAvia's team, suppliers and partners, customers and investors took the sky to demonstrate once again that the hydrogen electric aviation is a reality through this beautiful and smooth flight, we are committed to tackle the challenges with tenacity and focus toward our engagements A big hug to all ZeroAvia team --- Bravo you made it! Again, this is only the start ... the next step (extremely soon!) will be another big one in the aviation industrystay tuned!
