

IEEE CN Smart Cities Toronto

July 21, 2023, 7 am PDT

Live Stream Seattle Washington

Join us for a session on Smart Cities Toronto. Find out why this city is one of the tops in the Globe.

Raza Jafri is a world-renowned speaker, investor and global entrepreneur with experience building organizations from the ground up. Coming from humble beginnings and a desire to keep social impact and human-centric values at the core of all his endeavors. His latest venture builds world class digital twin environments for cleantech and smart city organizations. MetaWorldX was launched at the World Smart City Congress in Barcelona, Spain. He completed his graduate studies at Queen's University where he obtained an Executive MBA from the Smith School of Business in Kingston, Ontario. He holds a bachelor's degree in Urban Planning and Sustainable Development from Concordia University in Montreal, Quebec. He loves motivating next-gen entrepreneurs, playing hockey, traveling the world and architecture. Raza Jafri speaks multiple languages and in his spare time volunteers building education focused charities particularly supporting orphans in developing nations. He also serves on multiple boards and advises tech founders in Canada and the United States.
