

Join us for a session on

Fire Alarm Controls with HVAC Interaction

February 10, 2026, 7 am PST

Live Stream Seattle Washington

Find out how the HVAC (Heating Ventilation and Air Conditioning) systems interface with the fire alarm control systems. Can we save you a seat? Yes

Bob (Robert) Caputo, CFPS is the President of American Fire Sprinkler Association (AFSA), an instructor at NFPA and NFA, and president of Consolidated Fire protection, Inc. He does live seminars on NFPA Standards 13, 14, 20, 25, 72, Hydraulic Calculations, Plan Review (and others upon request).

Bob (Robert) Caputo, CFPS
