

Digital Twin Microgrids

May 13, 2026, 7 am PDT

Live Stream Seattle Washington

Join us for a session on Digital Twins. Find out why a live operational model is critical for a microgrid's success. Preventive maintenance, trouble shooting, prolonging the life of the asset, producing optimal energy is all part of the monitoring and controlling of the twin/model. Hear from experts in the field. Can we save you a seat? Yes
