IEEE Seattle Tech Conference

IEEE Consultant Network Seattle | IEEE Biomedical Society Seattle | IEEE Power Electronics Society Seattle

- Yong Liu, 'Practical Machine Learning Solutions for Enterprise Digital Transformation', Outreach.io
- Tadashi Shiga, 'Sustainable Housing', Realogics Sotheby's International Realty
- Lindsey Boles, 'Mini Nuclear Power Generators', Vice President Engineering Zeno Power
- Jadran (Adrian) Mihailovic, 'Organizing the IP Process', Partner Christensen O'Connor Johnson Kindness
- Daniel Robles, 'Blockchain', Community Engineering Services
- Alicia Gilpin, 'Process and Controls', Founder Owner Process Controls Engineering
- Dennis Heidner, 'Smart Buildings', Engineer Principal Rextorgroup
- Larry Rozcicha, 'Microgrid Sustainability', Business Development Manager Eaton Corporation
- Kendall Waters, 'Medical Device Catheter Development', Siemens
- Jeff Glickman, 'Artificial Super Intelligence Financial Markets', J4 Capital
- David Zornes, 'Solar Powered Planes', Founder, Inventor Solar Fuel Free Flight
- Dan Jackson, 'Fusion Energy Power Plants', Lead High Voltage Engineer Zap Energy
- Sanjay Samuel, 'Hydrogen Locomotives', Corridor Design Manager Systems Sound Transit
- James McNeill, 'Machine Learning', Edo
- John Black, 'Light Detection and Ranging (LiDAR)', Biophotonics Engineer Glannaventa
- Sanjay Samuel, 'Hydrogen Fueled Locomotives', Sound Transit
- Syris Valentine, 'Space Technologies Sustainability'
- Andrea Tousignant, 'EV Charging Stations'
- Tyler Folsom, 'Founder of μ -AV autonomous microvehicles', professor at University of Washington
- Tom Doncaster, 'Investment Strategies Tech and Green Energy', Doncaster Insurance & Financial Services

Our conference will focus on the Tech Industry. Join us in Seattle for new and innovative technology talks. AI Super Intelligence, health/electronics, hybrid Solar Energy Storage Systems, Solar powered planes, sustainable microgrids, process controllers, mini nuclear power plants, sustainable housing, smart buildings, Big Data, electromagnetics fusion power plants, investment strategies in Green Energy, Space Technologies, autonomous sustainable microvehicles and Intellectual Property/Patents. Networking event with live performance by Seth Pavlik, special Noon time presentation by Olympian and starting of the conference with City of Redmond Mayor Angela Birney.
